

# National Digital Library of India

## Bridging the educational divide

A platform to change the educational paradigms of India

**The National Digital Library of India (NDLI)** is a National Mission Project developed by the Indian Institute of Technology Kharagpur, under the aegis of NMEICT, the Ministry of Education, Government of India. It is a single-window platform providing learning resources that make e-learning and education accessible to all, bringing to users of all demographics premium digital repositories from India and the world.

The library consists of **millions of content for students** to avail the priceless facility for academic knowledge. NDLI act as a virtual repository of learning resources providing services for the learner community.

## WHY NDLI IN SCHOOL?

- It will help student to access books, audio books along with important video lectures and presentations.
- Students will be able to access lecture notes as well as necessary question papers and solutions.
- Examination Preparation Contents which includes exercises, questions, solutions, etc which will help student to excel in examinations.
- It will help students to prepare for entrance and competitive examinations.
- Student can access useful contents at a single window and thus save time.
- It will enable student to learn from and adopt best-practices from all over the world.

## WHAT'S IN IT FOR ME?

### Regular Learning

The NDLI houses content from 19 state boards as well as national boards like CBSE, NCERT amongst others. The range of content includes school, college, university level topics as well as material for 21st century skills such as digital literacy, language and communication and scientific temper, which can be found as text, video, audiobook, presentations and simulations in multiple Indian languages, aligning NDLI's general focus with the purpose of the NEP 2020.

### Primary and Secondary Education

Primary and Secondary Education are a core focus of the NDLI Comprehensive collections of textbooks, supplements, multimedia lessons and

virtual labs serve school students of every grade and subject.

### X and XII Board Preparation

NDLI has a large collection of books, tutorials, question papers, audio and video lectures, e-books, virtual labs specifically grouped towards Board preparation.

### Competitive Exam Preparation

The NDLI also hosts curated collections of exam prep materials such as question banks, tutorials, solutions and test guides from leading publishers and ed-tech firms. It includes special collections such as NDLI Tutor, NTA, StemEZ. NDLI Tutor is created and curated by the subject matter experts from NDLI that focuses on solved question papers in a manner that students are taken through HOW to solve questions, rather than simply listing the answer.
