About the Central University of Punjab

The Central University of Punjab was established in 2009 by an Act of Parliament No. 25 of 2009. It is NAAC accredited institute with Grade A+ in 2023. and has been ranked among the first 100th in the University category of NIRF during the last 5 years. CUP is a leading research university offering various programs in Sciences, Humanities, Law, and more. The boasts a beautiful, eco-friendly campus and is committed to providing quality education, research opportunities, and social initiatives. CUP fosters a vibrant community of students and faculty from 26 and 19 states, respectively, creating a truly multicultural learning environment. Committed to excellence, the Central University of Punjab provides not just quality education but also exceptional research opportunities and a focus on social responsibility through initiatives like student participation in government programs and environmental awareness campaigns. About the Ranganathan Library

The University Library, established in 2010, supports university learning and research with over 58,244 titles, 11 print journals, and 7,231 full-text online journals subscribed directly and through the e-ShodhSindhu Consortium. It offers access to major e-resources such as APS, JSTOR, Springer, Science-Direct, Web of Science, SciFinder, Scopus, CMIE, etc, and houses 1,682 e-books and 464 CDs/DVDs. The Library manages its IT and Automation infrastructure using Open-Source Software, including KOHA, Dspace IR, and Off-Campus Access. The library is a fully air-conditioned, Wi-Fi-enabled facility that features RFID and EM Security to provide automated check-in and check-out services with security, along with advanced OPAC and reprographic services.

About the National Digital Library of India

The National Digital Library of India (NDLI), an initiative by the Ministry of Education and NMEICT, is a digital repository offering a single-window search for diverse learning resources. Sponsored by the Government of India and developed by IIT Kharagpur, NDLI provides user-specific services for exam preparation, research, and general learning. It supports multiple Indian languages and caters to all academic levels, disciplines, and access devices, including resources for differently-abled learners. NDLI aims to enable efficient learning and interlinked exploration from global best practices. It is a single-window platform providing learning resources that make e-learning and education accessible to all. It brings digital repositories from India and the world to users of all demographics. For more details visit https://www.ndl.gov.in
